

FREIGHT TRAIN STRIKES AUTO

Everett Towne And Wife Have Narrow Escape From Death Monday

That Mr. and Mrs. Everett Towne of the town of Pelican are alive today seems remarkable when one considers the experience that this couple passed through Tuesday morning when freight train No. 289 north bound struck and demolished their Maxwell car at the crossing near the Hardell mill south of the city. The car is a complete wreck, but the occupants escaped with injuries not considered serious by attending physician. They are being cared for at St. Mary's Hospital where they may remain for several days.

Mr. and Mrs. Towne were on their way to the city when the accident happened and had just reached the crossing as the freight train was approaching. As the track was reached the engine of the auto is said to have died. Mrs. Towne jumped from the car but her husband was still seated when the train struck the auto and hurled it into the ditch. The injured were brought to the city immediately and taken to the hospital where they are doing as well as can be expected. Both received badly bruised limbs but no bones were broken and they will be able to return to their home in a few days.

WATER RATES ARE HIGHER

Notices sent out to consumers of city water last week calling attention to the fact that the water tax must be paid by August 15 or a ten per cent penalty would be imposed also brought information to a large number that their rate had been raised.

Last winter or during early spring an inspector made a tour of the city to check over all water taps with the result that changes to the amount of nearly \$10,000 yearly was added to income of the water department. In many cases, places that were under a \$5.00 rate had added modern equipment that raised the rate to \$7.50, and some \$7.50 consumers were raised to \$10.00, and in a few instances consumers got a small reduction. Naturally, there was some cry over the raise, particularly at this time when the condition of the water is such as to make it unfit to drink.

GUN CLUB AT ANTIGO SHOOT

The two days' registered trap shooting tournament held at Antigo on Saturday and Sunday was attended by ten members of the local gun club, all of whom returned loud in their praise of the meeting and the treatment accorded them by the Antigo people. About one hundred were in attendance, gun clubs of Wausau, Stevens Point, Weyauwega, Waupaca, Rhinelander, Neopit, Milwaukee, Racine and Chicago being represented at the gathering.

O. Larson of Waupaca, made the highest amateur record on the closing day of the shoot, breaking 145 birds out of a possible 150. A. H. Winkler, Chicago, was second with 144, and Roy Babcock of Mattoon was third with 142. These records were equal to those made by professionals present. C. E. Robins, of the Peters Cartridge Co., W. D. Stannard of Dupont Powder Co., F. H. Seifken of the Winchester Arms Co., and H. R. Patterson of the Union Metallic Co.

Ed. Apperson of Kokomo, Ind., who is at his summer home on the Wisconsin river north of here, accompanied the local members and also participated in the shooting.

SEEING OUR COUNTY
An automobile party from Hartford, composed of F. L. LeCount, of the Hartford Press; H. H. Esser, cashier of the First National Bank of Hartford; G. C. Frey, sales manager of the Kissel Car Co., and Harry Amidon passed through the city yesterday enroute to Eagle River and Three Lakes. The party had spent a week in the vicinity of Tomahawk Lake and vicinity and were enthusiastic over our county as a recreation ground.

Mrs. H. L. Garner and Miss Lou Vaughan are spending the week in Wausau and Milwaukee.

PROMOTIONS TO MILITIA BOYS

A dispatch from San Antonio, Tex., yesterday says that under the new army regulations about 1,000 Wisconsin troopers will receive promotions. The new order, which became effective Monday, gives hundreds of the men in the Wisconsin brigade an increase of pay of \$3 a month. Each company is to have three more sergeants and four additional corporals.

Another order received at camp is that all guardsmen who are students may return to school Sept. 1. This order has caused some grumbling among the older men, who are of the opinion that the students could more easily afford to lose a little time at study than the older men could away from business.

It is estimated that about 100 students in the Wisconsin brigade will take advantage of the new order and return home. Some militiamen are complaining of the inactivity of the war department at Washington. Many have filed applications for a discharge.

W. C. T. U. MEET AT GRANDON

The inter-county convention of the W. C. T. U., comprising the counties of Oneida, Vilas, Langlade and Forest was called to order at Grandon yesterday for a session of two days, the meetings being held in the Methodist church of that city. Among the speakers from outside the district present was Mrs. J. Sizer of Milwaukee and Mrs. Willis Moore, Chicago. The following people from this city were on the program: Mrs. C. P. Crosby, president; Mrs. E. K. Reik, Mrs. Fred Wedge, Mrs. G. B. Clemans and Rev. Fred Wedge.

LICENSES FOR HUNTERS HERE

John J. Verage, county clerk, has received 1800 hunting licenses for the hunting season of 1916-17 in this county. The first license issued this year went to J. L. Hartley of this city. Last year Oneida county gave out nearly 1600 licenses but it is expected that this number will be exceeded by at least 200.

DISEASE MAY BE HOG CHOLERA

Several farmers through the county have lost a number of hogs recently with a disease which resembles cholera. At Starks several hogs died last week and it is reported that a number of others are affected. Measures have been taken to check the spread of the disease by County Agricultural Representative W. D. Juday.

BUILD NEW SCHOOL HOUSE

The contract for the erection of the new school building at Tomahawk Lake was awarded to Thos. E. Dunn of this city. Work on the new structure will be commenced this week. The building will be 32 feet square, frame construction, and will be ready for occupancy October 1st. The new building replaces one of the oldest country school buildings in the county and will fill a long felt want.

ATTEND STATE CONVENTION

The State Convention of Municipalities is being held in Oshkosh this week, the opening session being held yesterday. Mayor Clark, Comptroller Bonnie, City Clerk Robertson and two aldermen are in attendance from this city. An effort is being made to secure the convention for Rhinelander next year. With this end in view badges were printed and distributed among those in attendance. "Rhinelander In 1917" appeared on the badges. A number of leaflets calling attention to the advantages of Rhinelander as a convention city were also distributed. It is to be hoped that our city will be the one chosen.

CHANGE IN THE ARMY SERVICE

Postmasters Are Made Recruiting Officers Under New Order Of War Department

In last week's New North a mention was made of an order with drawing the regular recruiting officers in the state from the service. This has been followed by another which makes all postmasters of the state qualified to accept recruits for army service.

Postmaster Stapleton gives us the following, which covers the matter fully.

1. I enclose circular No. 1, War Department, 1916. Please read the same carefully.

2. Applicants for first enlistment in the United States Army must be under 35 years of age dated from the next birthday. Those under 21 years of age and over 18 years of age do not need the consent of parents or guardians, but under 18 and otherwise qualified, they must have the written consent of the father if living or mother if father is dead, or legally appointed guardian. Those accepted must be of good character, and certified by you as such, temperate habits, able bodied, free from disease, must be able to speak, read and write the English language, and must be a citizen of the United States or Porto Rico, or have made legal declaration of intention to become a citizen of the United States, or if they claim to have been naturalized, to have declared intention to become a citizen, they will not be accepted for enlistment unless they exhibit documentary evidence to that effect under the seal of the proper court. No man who has been a member of the Organized Militia will be enlisted in the United States Army until he presents evidence that he has been honorably discharged from the militia. Married men will be enlisted only upon the approval of a regimental commander or other proper commanding officer. The minimum height of all applicants is 5 ft., 4 inches; minimum weight 120 lbs; minimum chest measurements 32 inches, 32 inches, and all applicants must have two inches or more expansion of the chest. Attached is a table of physical proportions.

3. You may accept men for any branch of the United States Army, engineers, cavalry, artillery or infantry or any other department if they so desire and are qualified.

4. The opportunities for advancement, travel, and study have never been so good. The pay and allowances are ample. If the soldier is studious and well qualified he may enter West Point after one year's service or compete for a Second Lieutenantancy from the ranks. A printed list of the pay in different branches and for different duties will be mailed at an early date.

5. Please advise this office when you have procured desirable applicants for enlistment, reporting the names of such applicants that the action directed in Circular No. 1 herewith contained may be carried out to the fullest extent. Any information you may desire that will assist you on this service will be gladly given and I will cooperate with you to the fullest extent.

F. R. KENNEY,
Captain, Commanding District.

AT THE COZY

For Sunday evening's attraction at the Cozy Theatre, Manager Algeo has secured for his patrons a production of Wm. A. Brady in association with the World Film Corporation, presenting Ethel Clayton and Carlyle Blackwell in "His Brother's Wife."

If you had been a prosperous manufacturer, blessed with a beautiful and devoted wife and many friends, if one day you had come to business with a tired and irritable mind, quarrelled with an employee who, knowing that the premiums on your fire insurance had not been paid, revenges himself by setting fire to your factory, resulting in a total loss; if your health broke under the awful strain and you found yourself forsaken by all but your devoted and loving wife whose every action showed her readiness to sacrifice everything to save you, you would worship her, wouldn't you?

"His Brother's Wife" is a big, beautiful story with a thrill in every scene, and a happy ending that brings you back to the sunshine.

Ira Smith of the town of Cassian, was in Rhinelander yesterday. Mr. Smith is a candidate for the Republican nomination for member of the assembly from this district.

DEATH RATE FOR STATE HIGH

Northern Section Of State Is Not Above The Average Rate

The second quarter of 1916 was one of high mortality in the state. The report on mortality by the state bureau of vital statistics shows an increase in deaths from all the communicable diseases with the exception of pulmonary tuberculosis and meningitis, compared with the corresponding period last year.

The death rate for the past quarter was 12.07 per 1000 population as compared with 11.6 for 1910, 11.7 for 1911, 11.8 for 1912, 11.9 for 1913, 11.7 for 1914 and 11.6 for 1915. In fact, the death rate for the past quarter is higher than the average for the preceding eight years.

The very appreciable increase in the number of deaths reported from measles and pneumonia will account for the increase in the mortality rate, "and is due to the unusual prevalence of measles in epidemic form in various parts of the state."

There was a total increase of 612 deaths over the second quarter of 1915, of 241 among children under 1 year, of 132 in children from 1 to 4 years and of 44 among persons 65 years old and over.

Important causes of death, and their number for the past quarter were: Pulmonary tuberculosis, 535; other tuberculosis, 75; typhoid fever, 46; diphtheria, 48; scarlet fever, 40; measles, 89; whooping cough, 39; pneumonia, 819; diarrhoea, enteritis, under 2 years, 118; meningitis, 91; influenza, 53; puerperal septicemia, 40; cancer 416; violence 410; stillbirths, 446.

The northern section of the state has a death rate for the period of 10.2 per 1000 population, the central section 12.8 and southern 12.4.

POLITICIANS TO VISIT MINOCQUA

Bills announcing a Mid-Summer Festival at Minocqua on Saturday and Sunday have been distributed about the city. On this occasion there will be a program of amusements, including ball games, Indian war dances, band concerts, boat races and other contests, as well as speakers of prominence in the field of politics. Hon. Burt Williams, democrat candidate for governor; Hon. Wm. Wolfe, candidate for U. S. Senator; Hon. John Cudahy, candidate for Lieut. Governor and Douglas Anderson, candidate for the assembly from this district being among the number. Other speakers of prominence may also be present, an invitation having been extended to Gov. Philipp, Ex-Governor McGovern, M. G. Jeffris and Senator LaFollette. It is expected that a number will go to Minocqua from here to spend one or both days there.

RECEIVE CHECK FROM STATE

P. J. Cain, county treasurer, has received from the state treasurer, a check for \$1,147.65, this being the amount of Oneida county's share of the automobile license money. This money goes into the county road fund to be used for the repair and up-keep of highways in the county.

HIGH COST OF PAPER

Baltimore, Md.,—"Something more substantial than perfunctory investigation" of the increased cost of white paper was demanded of congress here on Monday at the opening session of the sixty-second convention of the International Typographical union.

"The grip of the rising paper market is throttling the life out of many struggling newspapers," said President Marsden G. Scott in his annual report to the convention.

CHANGE IN GAME LAW

Local sportsmen who have hunting dogs they desire to train are not very well satisfied with the game law which prohibits the carrying of a gun from August 1 to September 7 while having dogs in territory where there are game birds. The law was designed to remove the temptation for illegal hunting before the opening of the bird hunting season.

WOMAN HELD ON SERIOUS CHARGE

Officers Call At Christensen Place And Secure Several Inmates

On complaint of Officer W. J. O'Brien, a warrant was issued charging Lena Christensen with conducting a house of ill fame in this city. When the arrest of the woman was made the inmates found at the house were also taken, two women, Grace Jacobson and Frances Young, and three men, Harry Frederick, Adam Leses and Peter Younkers.

A warrant charging the women with being inmates of the place was issued and served. In the case of the Jacobson woman a plea of guilty was entered and a fine of \$25 and costs, in all about \$32.69, was paid. The case against Frances Young was continued until Saturday, August 19th.

When the Christensen woman was brought into court she entered a plea of not guilty to the charge. After hearing evidence submitted, Judge Smith deemed it of sufficient strength to have reason to believe her guilty and held her for trial in circuit court, fixing bonds for her appearance at that time at \$1000. These she succeeded in securing and she was released from the custody of the officers. The three men taken were released on their own recognizance on promise to appear on Saturday.

The Christensen place has been under suspicion for some time. It is located on Alban street near the site of the old electric light station.

CANOE SWAMPS IN THE RAPIDS

Two Milwaukee Men Endeavor To Shoot Whirlpool Rapids Below City Monday

Wm. C. Roessler and Walter F. Lemke of Milwaukee, who have been making a trip down the Wisconsin river by canoe, with Mosinee as their destination, took the train for their homes here yesterday. Their canoe and a portion of their camping equipment was carried down the river Monday morning when the boat was swamped in the lower rapids of Whirlpool ten miles below Rhinelander. Part of their outfit was recovered. The boys had some difficulty in getting their bearings after the accident and did not get to Rhinelander until the following day. While very much disappointed on having to abandon the trip they were in good spirits when they left for Milwaukee by train, stating that the trip from Eagle River to Rhinelander was a very interesting one. They will return here for their vacation period again next year.

PREMIUM LIST OUT

The official premium list of the forthcoming Oneida County Fair is out and is being distributed throughout the county by the vice-presidents of the various towns. Twelve hundred copies were printed, which is a number sufficiently large to advertise the fair in a first class manner.

Everything points to a most successful fair this year and every one should do their utmost to make it so. Put your shoulder to the wheel! Push!

FISH BAIT IN WATER PIPES

The supply of water was suddenly cut off at the Philip street residences yesterday and the investigation that followed to ascertain the cause disclosed a minnow nearly two inches long that had lodged in an elbow of the supply pipe. This is the second case of the kind our attention has been called to within the last month. Doubtless there are other similar cases but these two are sufficient to show that something needs to be done to remedy the condition of the city's water supply.

Douglas Foster, who while engaged in a base ball game at Three Lakes on Sunday, August 6, sustained a broken limb, has resumed work in the office of the Rhinelander Creamery & Produce Co.

MONICO IS NOW DRY SUNDAYS

Thirst Shops There Close Doors For First Time Last Sabbath

Last week Thursday and Friday, were spent by Mr. and Mrs. Fred Wedge with little son Hugh, and Mrs. C. P. Crosby in Monico. They went on request to endeavor to arouse interest that would lead to the enforcement of the state law regarding Sunday closing of saloons. On both nights on which general meetings were held the hall was filled, many sitting on the floor and tables, as seats were lacking. The petition which was presented at the first meeting and on the streets at the depot and shops and around the two saloons, met with a hearty response, even the two bartenders adding their signatures. It was addressed to the town board of Monico and was headed with the following state laws, which may be of interest to other parts of the county:

"Sale on Sunday and election day: penalty. Section 1561. If any tavern keeper or other person shall sell, give away or barter any intoxicating liquors on the first day of the annual town meeting on the biennial fall election such tavern keeper (or other person so offending) shall be punished by a fine of not less than five or more than twenty-five dollars or by imprisonment in the county jail not to exceed thirty days, or by both such fine and imprisonment.

"Nuisance, what is, Section 1563. All places of whatever description in which intoxicating liquors are sold in violation of law shall be held and are declared public nuisances and shall upon the conviction of the keeper thereof, be shut up and abated.

"Officers to make complaint, Section 1153 (Chap. 371; 1909). Every sheriff, under sheriff and deputy sheriff, police officer, marshal, deputy marshal or constable of any town, village or city, who shall know or be credibly informed that any offense has been committed against the provisions of any law of this state relating to the sale of intoxicating liquors shall make complaint against the person as offending within their respective towns, villages or cities to a proper justice of the peace therein and for every neglect or refusal so to do, every such officer shall be deemed guilty of a misdemeanor and shall be punished by a fine not exceeding fifty dollars and the cost of the prosecution."

The petition with five signatures was first taken to the constable who refused to act until ordered to by the town board. It was next presented to Mr. Meyers who refused to do anything unless every town in the county closed its saloons on Sunday. He preferred also so that the order came from the sheriff. He was assured that the law was gradually being enforced, a good start already being made in that Rhinelander, Three Lakes and Minocqua now close on Sunday and that in case the officials did not immediately do their sworn duty in enforcing this important law throughout the county, the campaign would be continued until the citizens were sufficiently aroused to insist that the officers do their duty.

A great contrast was found in the two Monico saloons, one of them being willing and anxious to close Sundays and reported as refusing to sell to minors, while the other saloon fought the Sunday closing idea and was reported as selling to minors at any and all times. This was fully substantiated by Mr. Wedge while in Monico, as the Monico town board and constable could not be depended on to close this saloon Sundays, the petition was brought to the District Attorney, who instructed the sheriff to attend to the matter.

At the woman's meeting conducted by Mrs. Crosby and Rev. Wedge, a sufficient number of women pledged themselves to the W. C. T. U. to make it possible to form a union in Monico. On Tuesday, Aug. 22, Mrs. Crosby, with Mrs. Sizer, one of the state W. C. T. U. organizers, will spend the day in Monico, perfecting the organization. An afternoon woman's meeting will be held at the hall, also an evening address to all will be given in the evening.

The sheriff ordered that the saloons be closed, and they said that they would if he said so; so it is probable that the saloons will now be closed.

DEATH OF AGED LADY

Any person, owner or occupant, of any premises within the city of Rhinelander, either by himself, his agent, servant or employee who shall suffer or permit the wanton throwing out or distribution of any garbage upon or adjacent to the prem- ises by him so occupied other than by the placing of the same in an receptacle provided for such purposes shall be deemed guilty of a misde- meanor, and upon conviction shall be punished by a fine of not to exceed fifty dollars, together with the cost of prosecution, or by imprisonment in the county jail not exceeding twenty days, and each act or commission in violation thereof shall be deemed a separate and distinct offense.

Section 5. All ordinances and parts of ordinances conflicting with the provisions of this ordinance are herewith, in so far as they may so conflict, abrogated and repealed.

Section 6. This ordinance shall take effect and be in force from and after its passage and publication. Introduced by Ald. Will Gilligan. Moved by Ald. Goldstrand, seconded by Ald. Danielson that this ordinance be deferred and ordered published and come up for final consideration at the next regular meeting of the council. Carried, all voting aye on roll call.

AN ORDINANCE

To provide for the regulation of public dances and the licensing and reg- ulation of public dance halls.

The Common Council of the City of Rhinelander do ordain as follows:

Section 1. The term "Public Dances" or "Public Hall" as used in this or- dinance shall be taken to mean any dance or ball to which admission can be had by payment of a fee, or by the purchase, possession or presenta- tion of ticket or token in which a charge is made for clothing or other property, or any other dance to which the public generally without any re- striction may gain admission with or without payment of a fee. The term "Public dance hall" as used herein, shall be taken to mean any room or space in which a public ball may be had.

Section 2. It shall be unlawful to hold any public dance or public ball, within the limits of the city of Rhine- lander until the dance hall in which the same may be held shall first have been duly licensed for such purpose. The application for such license shall be granted by the Mayor and the City Clerk. Each license granted hereun- der shall expire on the first day of July of each year and the license shall be posted in a conspicuous place with- in the hall in which the dance is held. The annual license fee shall be Five (\$5.00) Dollars. This ordinance shall be printed in full upon each license issued, and each license shall by its terms be made subject to revocation, as hereinafter provided.

Section 3. No license for a public dance hall shall be issued until it shall be found that such hall complies with and conforms to all ordinances, health and fire regulations of the city and the state; that it is properly ven- tilated and is safe and proper place for the purpose for which it is to be used.

Section 4. The license of any public dance hall shall be forfeited or re- voked by the mayor for disorderly or immoral conduct on the premises, or for the violation of any of the rules, regulations, ordinances and laws gov- erning or applying to public dance halls or public dances.

Section 5. All public dance halls shall be kept at all times in a clean healthy and sanitary condition, and all stairways and outer passages, and all rooms connected with a dance hall shall be kept open and well lighted. The chief of police or any policeman, or any person having police authority, shall have the power, and it shall be their duty, to cause the place, hall or room where any dance or ball is held or given to be vacated whenever any provision or any ordinance or law of the state with regard to public dances and public halls is being violated or whenever any indecent act shall be committed, or when any disorder of a gross, violent or vulgar character shall take place.

Section 6. It shall be unlawful after 10 o'clock, p. m. to permit any per- son to attend or take part in any pub- lic dance, who has not reached the age of eighteen (18) years, unless such person be in company with a parent or guardian. It shall be un- lawful for any person to represent himself or herself to have reached the age of eighteen years in order to obtain admission to a public dance hall, or to be permitted to remain therein when such person is in fact under eighteen years of age, and it shall also be unlawful for any person shall also be unlawful for any person to be a parent or natural guardian of any person under eighteen years of age in order that such person under eighteen years of age may obtain admission to a public dance hall, or shall be permitted to remain therein when the party mak- ing the representation is not in fact either a parent or a natural guardian of the such other person.

Section 7. The Mayor shall refer all applications for dance hall license to the chief of police, who shall in- vestigate or cause to be investigated, each application to determine whether the dance hall sought to be licensed complies with the regulations, ordi- nances and laws applicable thereto, and in the making of such investigation the chief of police shall, when de- sired, have the assistance of the health officer and the chief of the fire department. The chief of police (Continued on page nine).

TWICE-TOLD TESTIMONY

Rhinelander People Are Doing All They Can For Fellow Sufferers Rhinelander testimony has been published to prove the merit of Doan's Kidney Pills to others in Rhinelander who suffer from bad backs and kidney ills. Lest any sufferer doubt this evidence of merit, we produce confirmed proof—statements from Rhinelander people who again endorse Doan's Kidney Pills—confirm their former testimony. Here's a Rhinelander case:

Mrs. A. Rosemark, 709, Mason St., Rhinelander, says: "My kidneys were weak and my back ached. I used Doan's Kidney Pills, that I got from Reardon's Drug Store and they cured me. Another of my family also had a great deal of kidney trouble. The kidney se- cretions contained sediment and were irregular in passage. Lame- ness and pain across the back also caused much suffering. Doan's Kid- ney Pills were used in this case too, and they made a great im-

provement." (Statement made Nov- ember 1910.)

OVER TWO YEARS LATER Mrs. Rosemark said: "I am glad to say that the good results Doan's Kid- ney Pills brought have lasted. Doan's Kidney Pills have been of such great benefit to us that we can't speak too highly of them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Rosemark has twice pub- licly recommended. Foster-Mil- burn Co., Props., Buffalo, N. Y.

WE can not extend credit to candidates. If you wish your notice to continue in the paper call and settle.

If you wish your candidate notice printed, come in and pay the bill. This paper does not extend credit to candidates. If you wish to know why we do not extend credit to candidates come and see our old ledger.

READ Governor Philipp's record on any public question and you will see the hand of a special interest supporter. Read his record this week in the New North.

WM. H. Hutton is a true progressive and a good business man. We see no reason why fair minded voters should not give him their loyal support for governor September 5th.

THE time will come when the public officials will have to do the public business in the open. This year the taxpayers will have to go to the city hall to find out about their taxes. See how your councilmen voted and call him to account for his actions when he asks for reelection. Beware of the public official who wishes to do your business behind closed doors.

GOVERNOR Philipp is now explaining to the people why he did not carry out his pledges of two years ago. He says he could not get the legislature to carry out his recommendations but he had no trouble in getting them to pass laws favorable to the railroads, water-power interests, etc. Beware of this tool of special privilege.

EMMANUEL L. Philipp ran around the state two years ago and secured votes on the extravagancies of the progressive, and deceived the voters; now he tells how the legislature hampered his plans. The fact is he had an assembly to do his bidding and still he has spent nearly a million dollars more than was spent by his predecessors in office.

He has succeeded in getting many laws passed to throw the burden on the common man and favor the big corporations. This is why the corporation papers are yelling for him. Beware of his deception this time.

PHILIPP AND WATER POWER LEGISLATION

THE conservation legislation of 1911 having been declared illegal by the Supreme Court, the legislature of 1913 passed the Husting bill preserving the rights of the people in the navigable streams in the state. When this bill was passed the water power trust vowed vengeance on all who had helped enact the law, but they did not attack the law in the courts because it was constitutional. Their fight was political. They supported Philipp. He was elected. In his message to the legislature he advocated the amendment of the Husting act to give the water power trust all they had asked. The bill was introduced and passed by friends of the Governor. He signed the bill. Then what happened? To illustrate:

Michigan and Massachusetts were enabled to exploit the water powers of Wisconsin. They purchased a site on the Chippewa River, near Chippewa Falls. Under the law they had to get a permit to dam the river and have their property valued by the Railroad Commission. Under the new law they got the permit from the state for nothing. Their physical properties were valued at cost, but the right to dam the stream, which the state gave them free was valued by the Commission at \$1,200,000. On this vast sum plus the actual investment the people for all time must pay a reasonable profit to the owners of the dam site. This is the way the present administration saves money to the people of Michigan and Massachusetts while the consumers of Wisconsin will pay the tax in the way of increased cost for light and power.

THE PHILIPP LEGISLATURE

THE Governor in a speech delivered tried to shift the reason for his failure to lower the taxes by laying the blame on the legislature. The legislation was his. He organized both houses and his friends controlled all the committees. They elected the speaker of the assembly and the president pro tem. of the senate.

The legislature of 1915 lasted longer than any other session in the history of the state. It was the most expensive and did less important business.

PHILIPP AND HIGH SALARIES

At the instance of Governor Philipp a new board of education superimposed upon all other boards of education was created by the legislature of 1915. This board imported a statistician from New York to whom it pays a salary of \$6,000 a year—\$3,000 more than paid to any other statistician in the state service, \$10,000 more than paid to the secretary of state, attorney general, state treasurer and even the governor himself.

Also at the special instance of the governor a state engineering department was created in the railroad commission and an engineer was hired at a salary of \$5,000 per annum—\$1,000 more per year than is paid to any member of any of the commissions.

This is a part of the Philipp economy program.

JOSSART SEEMS WEAK

THE candidacy of H. W. Jossart, of Minocqua against Congressman Irvine L. Lennrot for the Republican nomination for congress in the Eleventh district is not looked upon seriously here by either the La Follette or conservative Republican leaders. The general opinion among the Republican leaders seems to be that Congressman Lennrot will be re-nominated by a large vote.—Milwaukee Daily News.

PHILIPP AND NEWLY CREATED OFFICES

THE Philipp legislature passed a bill and the Governor signed it authorizing the governor to appoint a special legal advisor at a salary of \$5,000 a year and expenses. The advisor is not required to reside at Madison.

The legislature passed a bill and the Governor signed it authorizing the appointment of a commission to investigate swamp land claims against the federal government, and making an appropriation of \$10,000.

The position of statistician for the educational board was created at \$6,000 a year.

The position of civil engineer was created at \$6,000 a year.

PHILIPP AND THE RAILROAD COMMISSION

MR. Philipp appointed a lawyer of the public utilities at Oshkosh on the railroad commission, and a civil engineer of the Chicago, Milwaukee & St. Paul road on the commission. There has been a general loss of confidence in the commission. It is no longer regarded as the agent of the people to right their wrongs.

Knew the Suits.

"Where have you been until this hour?" said Mrs. Lawyer To-wit to her late returning hubby.

"I've been looking after some suits," alibied To-wit.

"Yes, I know those suits—the old diamonds, hearts, spades and clubs. Well, this is the last night I'll let you out."—Buffalo Express.

FOR THE CHILDREN

A Sleepy Time Story About an Interesting Little Animal.

GAY FELLOW OF THE WOODS.

Amusing Ways of the Raccoon—Very Dainty in His Feeding—Catches Fish Like His Big Brother, the Bear. Things For Young Folks to Know—A Prize Baby.

This evening, said Uncle Ben to Polly Ann and little Ned, I am going to tell you about

MOOWEESUK, THE COON.

Mooweesuk, the little coon, builds his house in the very quietest spot in the wood, far from inquisitive neighbors. When twilight shadows gather and the big, round, yellow moon creeps over the mountain little Mooweesuk comes out of his house to look about and feed on frogs and fishes.

The coon is a joyous little animal and is very particular to wash, when possible, all food before eating it. Coons are fond of many things, roots, clams, fish, the eggs of birds and sweet corn being much appreciated by these little wood folk.

When they go out for a walk the mother always leads the way, and the children follow, bear fashion, in single file behind her.

The coon can also walk on its hind feet, sitting up like a brula.

Mooweesuk relishes most things found in the woods and when hungry will eat ants, worms and beetles, found by grubbing in hollow logs. Coons are very fond of sweet sap, turtles and watercress and wintergreen berries. In order to get the turtle meat they drop a stone upon its shell and crack it. The little chaps also relish chicken and pumpkin seeds.

The coon has a very clever way of catching his fish. Like the bear, he knows how to flip it out of the water with his paw. But in addition to this he has learned how to attract the fish to the surface by dipping his whiskers into the water and moving them slightly. Mr. Flannery is a bit curious, comes too close to the surface and is flipped out of the water by Mooweesuk's paw.

The coon makes a most entertaining pet, as he is full of mischief and a droll little creature and has a childish pleasure in new playthings.

Presence of Mind.

A boy in northern Alabama recently, while coming from the postoffice along a country road, saw on the other side of a narrow valley and a large stream over which there was no bridge the cabin of a neighbor beginning to catch fire at one end. The lad yelled an alarm, but the inmates, who he rightly believed were at supper and whom he could glimpse through an open door, failed to hear him. He was carrying some rolled papers that had come in the mail. Having seen or heard of a megaphone he quickly tore off wrappers, rolled the broad sheets into a cone and began to roar through the little end: "Maynard, Maynard! Fire! Fire! Fire!" This the people heard, or enough of the strange noise to excite their curiosity, and they came out to discover the flames and quickly put them out. The boy may have been given credit for quick thinking; he certainly deserved it.

A Pretty Baby Boy.

people took part. John Ryan, eight months old, who was adjudged the most perfect baby, won the first prize, a gold cup. The lady who is holding John in her arms is Mrs. William Randolph Hearst, who gave the cup to John. Ten other babies received gold medals. The first thing Baby John did when Mrs. Hearst gave him the cup was to try to put it in his mouth. He failed because his mouth was too small. The hundreds of other babies present looked on, but without the slightest evidence of envy.

A Full And Complete Fall Showing of The Famous "JOHN KELLY" Shoes And High Boots In All The Leading Styles Lasts And Widths

What preparations have you made regarding your footwear for Fall? Do you realize that over 50 per cent of the well dressed women of this city are wearers of the "JOHN KELLY" Shoes? If you are not already a "John Kelly" advocate—you should be. We urge you to come in this store and examine the new styles in KELLY Shoes. Study their FIT, FINISH, QUALITY, and LOOKS, or better still, try on a few pairs so that you may judge for yourself the difference there exists between the ordinary and a "JOHN KELLY" last. It is safe to say that you will admire them a great deal more than any other shoe that you have ever had on your feet, and mind you they cost NO MORE than the common ordinary make in the same quality of stock. The "JOHN KELLY" SHOES sell at from \$3.50 to \$7.50 the pair. You get just as good a fit in a \$3.50 shoe as you would in a \$7.50 pair of course to besure there is a vast difference in the quality of leather, BUT the fit is there and the style as well. Our sizes start as small as 2AA, and they run as large as 8EE. So you may see for yourself that this store is well prepared to meet your requirements no matter how hard you may be to fit.
